## ABOUT ME

My name is Kim Elst, I am currently Creative Business student at Breda University of Applied Sciences. I was born in Portugal and have lived in Switzerland, Spain, Germany and the Netherlands. I have a passion for learning and discovering new things, from writing for magazines to making documentaries, I love all things creative.

## WORK EXPERIENCE

### Owner of Kim International Media 2024- Present

In 2024, I started my own company K.I.M where I work for multiple clients. I have designed various websites for different types of companies as well as managing their social media and creating numerous advertisements. I assist my clients in all creative aspects of their companies as well as creating and editing content for all social platforms and websites.

### Receptionist at Camping de Kienehoef 2024- Present

After spending about two years working as a waitress at this holiday park, I was trusted with the responsibility of transitioning to a full-time receptionist role, where I now manage guest check-ins, handle bookings, and provide information on local attractions and tourism services.

### Waitress at Oud Rooij 2023 - 2024

I worked as a waitress at a local restaurant, where I learned the importance of great customer service and how to communicate effectively with guests. I handled orders, answered questions, and made sure everyone had a positive experience. Working closely with my team, I helped keep things running smoothly and learned how to juggle multiple tasks at once while keeping customers happy.

### Waitress at Camping de Kienehoef 2022 - 2024

I was trusted with a variety of tasks, from serving food to helping with other duties around the site. My boss also gave me the responsibility of training and supervising new employees, which helped me develop leadership skills. I was the go-to person for handling customer questions and concerns, dealing with all kinds of requests (even the challenging ones!) while keeping a positive attitude.
